CLARENCE WATSON
FOR U. S. SENATE.

With only the Big Sandy river separating Louisa from West Virginia, and having considerable circulation over there, the News at all times takes a lively interest in the affairs of that wealthy and rapidly developing commonwealth.

Just now there is a contest on that is of more than usual importance to the people along the southwestern border of West Virginia and likewise to the Kentucky side of the Big Sandy Valley. We refer to the election of a United States Senator in West Virginia. He will be a Democrat and there are several candidates. Only one of the number, so far as we can ascertain, would show a special interest in the improvement of the Big Sandy river and its two forks. This man is Hon. Clarence Watson, a practical, self-made man who has forged to the front by force of superior ability and an upright course at all times. While yet a boy the death of his father left him at the head of the family. The usual struggle followed for awhile, but success came as the result of his intelligent and persistent efforts. He would do things in the United States Senate for his constituents if sent there.

The improvement of the Big Sandy river is of great importance to this region, extending many miles back into the country on each side. The building of locks and dams brings a large amount of money into the country. The maintenance and operation of the completed locks gives steady employment to a number of men. But greater than all, the slackwater system completed will insure cheap transportation for coal and other products. He will keep railroad rates down and give water transportation all the year around for those who are in position to ship that way.

The struggle for Big Sandy appropriations is going to be a hard one in the future and we must have sincere champions in Washington if we hope to get anything.

Senator T. P. Gore, of Oklahoma, in an interview, said that at the present session of Congress the Democrats should revise the whole schedule and also the tariff on wood pulp and print paper. He ascribed Democratic success at the recent election to dissatisfaction over the

Payne-Aldrich tariff law and the high cost of living. "A lower tariff," said the Senator, "would increase our revenue. During 'exile' the Democrats have had ample opportunity to do deep thinking, but we must not, as Kipling says, 'become drunk with power.'"

The states that went Democratic November 8th would have elected a Democratic President with 160 electoral votes to spare.

If the recent Conference of Governors at Frankfort discussed anything in which the public is interested the public doesn't know it.

Fashion has decreed that women must wear a hat that blinds her and a skirt that hobbles her, but no fashion can invent a bridle for her tongue.

GLADYS AND DENNIS.

David Kitchen is very low with pneumonia.

Farret Young, of this place, returned to New Boston where he has been overreaching a gang of Hungarians.

Prayer meetings are being conducted by the young people.

Sunday school is progressing very nicely.

Sunshine.

VERIFY IT.

The Proof is in Louisa Almost at Your Door.

The public statement of a Louisa citizen is in itself strong proof for Louisa people, but confirmation strengthens the evidence.

Here is a Louisa citizen who testified years ago that Doan's Kidney Pills relieved sick kidneys and now states the cure was permanent. Can any sufferer from kidney ill ask better proof? You can investigate. The case is right at home.

Mrs. T. V. Heston, of Louisa, Ky. says "I sincerely trust that my testimonial will be read by parents having children afflicted with kidney complaint. My daughter was greatly annoyed by irregular passages of the kidney secretions and she also complained of a dull pain across her back. Her bladder was inflamed and she was unable to retain the kidney secretions. The contents of one box of Doan's Kidney Pills gave entire relief and in return, I consider this remedy worthy of endorsement." (Statement given January 23, 1908.)

A Permanent Cure.

On June 21, 1909, Mrs. Heston was interviewed and she said: "I am glad to state that the cure Doan's Kidney Pills made in my family has been permanent. My former endorsement of this medicine still holds good."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

These long winter evenings may be pleasantly and profitably shortened by reading some of the many new books at Conley's store.

CHILD BURNED TO DEATH.

Upper Bruce, Ky., Dec. 8.—The saddest affair that has yet happened at this place, occurred last Saturday morning when Bessie, the 2-year-old daughter of Ernest Carthy and wife, was burned to death. It isn't positively known how she caught on fire as her mother had just stepped out to do a little work and left the two children a little boy four years old, and the little girl alone. She had gone just a few steps from the house when the little boy began crying. She rushed back but found the child's clothes all burned off. She lived but a few hours then away to heaven where all is joy and happiness. It is sad. God knows best. The bereaved parents, friends and relatives are almost distracted with grief.

NOTICE TO STOCKHOLDERS.

The regular annual meeting of stockholders of The Louisa National Bank will be held in the director's room of that bank on Tuesday January 19, 1911, for the purpose of electing directors for the ensuing year.

M. F. CONLEY, Cashier.

Maud, the little daughter of Dr. and Mrs. Ira Wellman, is somewhat improved after a severe case of scarlet fever.
